[ COVER STORY ]

Calling all Female Entrepreneurs... Let's not go BACK to work! Come FORWARD to Work with us instead!

Imagine ... A Headquarters for Business Women a stone's throw from Nanaimo's beautiful waterfront and downtown core. Imagine ... A community for female entrepreneurs to connect, work, collaborate, and play together!

Together, we can grow our net worth, self-worth and lead the next generation by example. - This is the vision of Mortgage Broker, Kim Strynadka, Founder and President of Dominion Lending Centres -Integrity Mortgage BC. She purchased the 3-storey building at 503 Comox Road, Nanaimo, 3 years ago to build a legacy; a community for like-minded women to share our success and give back to community. The building is superbly renovated and officially rebranded as a Playground for Women in Business with 15 large ready-to-work offices for rent over 2 floors.

Kim has created something brand new and unique - a multi-purpose, mixed-use workspace for busy professional women to work and play. Both the building and the brand is based on the 3 pillars - WEALTH, HEALTH & FUN.

The WEALTH component is on the first floor, along with her Integrity Mortgage Brokerage, and a beautiful common area boardroom. She wants to attract like-minded entrepreneurs with complimentary businesses like: An Accountant or Bookkeeper, Lawyer, Realtor, Financial Planner, Insurance Broker, Business Coach, Marketing and Advertising Services. These would certainly build a well-rounded, "kick-ass" feminine-forward business community!

The Reception

The Boardroom

The Penthouse

The second floor is dedicated to HEALTH services all business women need to keep healthy and happy: Esthetic practitioners, A Naturopath, Psychologist, Massage Therapist, Eyelash technician, Chiropractor or Acupuncturist, to name a few. Kim plans to start off with shorter term rentals in order to build the right tribe and give new Entrepreneurs a chance.

Now for the FUN part! The 3rd floor is the actual playground... the FUN component: A 3000 sq. ft Penthouse... This will be our clubhouse; a place for celebrations and social events where you can throw parties, charity events, share your passion, showcase your side hustle. Strynadka says, "The first thing I want to do is start an Investment Club!"

Future plans for Integrity Head Quarters is a Membership component and even its own currency. We are open to all things promoting Personal and Professional growth. But like any Entrepreneur, she is getting ahead of herself. Let's first concentrate on GETTING FORWARD TO WORK and building our playground - Let's create our own rules, our own new normal. Then we will work on Membership.

Imagine having access to a reception area; a boardroom; the Penthouse; ... exciting and limitless opportunities for connection, collaboration, support, growth and mentorship!

If you would like to know more about this feminine forward, innovative work-space, Kim is currently looking for like-minded female tenants and members to join her in this incredible journey. Do you love to work and play hard - on your own terms? If so, come FORWARD to work and play at Integrity HQ!

Please reach out to Kim Strynadka and survey your options for tenancy or membership.
